

Where People Are Worth More Than Money

Dear Fellow Meadowland Members,

As you are all well aware, our lobby has been closed since October 2019 due to the increase cases of COVID-19 virus.

While we always view our members as well as our staff's health and well-being as a top priority, I would like that thank you for your patience during this time. I understand the frustration that has occurred throughout this past year with our location closing its lobby on multiple occasions.

With that being said, on behalf of the staff and Board of Directors I am pleased to announce that we have our lobby open as of April 5th, 2020. So, you are welcome back into our lobby. We ask that you still make appointments for opening accounts or with our loan department.

Additionally, we ask the following things:

- Mask will be required to be waited on in the lobby. If you choose not to wear a mask, please use our drive-thru.
- Please remove your hat and sunglasses when entering our lobby so we can identify you. Once identified you may put them back on.
- We will still ask you stay 6 feet apart in the lobby.
- Hand sanitizer will be available for all members if they wish to use it

While the lobby is currently open, MCU's Board of Directors along with myself will monitor any changes in the number of cases to make sure we can offer a safe environment for our staff and members. Please check our website at meadowlandcu.org or on our social media pages of Facebook and LinkedIn for any changes in the future.

Once again, thank you for your patience for the past year. MCU does truly believe "People Are Worth More Than Money".

On behalf of the Staff and Board of Directors welcome back into our lobby.

David Horner
