### Thanks To Our Members....

As 2024 is starting, I would like to take the time and reflect on the credit union. MCU has been around since 1957, and looking back, we as a financial should never forget the founding members of the credit union along with the members of the first Board of Directors. It is hard to imagine the time and effort that it took during that time period when things were not uploaded to a computer and sent for approvals. These founding members were the pillars of the credit union and should never be forgotten. Along with these founding members we need to give thanks for the early members that took a chance on a new credit union.

Fast forward to current times, its amazing for people that are still willing to dedicate their time and efforts in serving on the Board of Directors. In a world where it seems that people are pulled in so many different directions, it is wonderful to see that we have a group of Board members that volunteer their efforts in helping our credit union.

Lastly, we can't forget all the members that have help this credit union keep doing what it was founded to do, which is simply helping people. MCU Staff are all committed to our mission and our tag line of "Where People Are Worth More Than Money".

We are a credit union that is here not only for the community of Sheboygan Falls, but for the whole community of Sheboygan County. When you think of MCU, we hope that you remember our great and rich history that started in 1957 and continues to grow to this day. Thank you to all the members that make MCU what it is today.

When reflecting about our financial affairs, we often think about our economic position. Some might associate achievement with dollars. In many cases, the harder, wiser, or the more we work, the better chance of gaining more monetarily. And why do we want more money? Well, partly because the idea of having money can help make us feel secure.

But what happens if you or someone you know is struggling in assessing his or her own finances? Are you daring enough to help or make that one step towards financial stability? If you have a slight inclination of answering yes to this question, contact Meadowland Credit Union at 920-467-8105 and ask for, Fritzy. Meadowland Credit Union believes in keeping the credit union philosophy, "people helping people". We provide a free credit, budget, and debt restructuring. Take advantage of this offer. This might just be what you or someone will need to advance. Are you ready to advance with Meadowland?

## Please verify your contact information

Many people have eliminated home telephones or land lines as a cost-saving measure and almost exclusively use personal or work cellphones. **MCU wants to make sure we have the most up-to-date contact information for you, including phone number, and email addresses.**

When you contact us you may be asked to verify the personal contact information we currently have on file and provide any corrections or missing information for your accounts. To review your personal information stop by MCU and our staff will be happy to review it with you.

**We need  
your *Voice.***

Please consider being a part of Meadowland Credit Union's Volunteer Board of Directors. The unique structure of the credit union allows you, the member, to help make future decisions for your member-owned financial institution. Meetings are usually only once a month. If you are willing to share your passion and knowledge, please contact David Horner or Fritzzy Brady at (920) 467-8105 for more information.
